## PARIS COMMERCIAL CLUB NOTES

At a joint meeting, Tuesday night, of the City Council, the Bourbon County Bar Association, the Board of Education and the Commercial Club, after the special business of the meeting had been dispatched, a round-table discussion was entered into about the desirability and necessity of an Automobile Club for Bourbon county.

Quite an interest was evidenced by those present in the discussion, and many reasons for the need of such a club in Bourbon county were advanced.

Most localities, with the number of pleasure cars per capita that Bourbon boasts of, have an automobile club. Civic pride demands it, and, in addition to touring information, funds derived from membership fees, are used to mark the county roads, to place directors along the National, State and Interstate Highways. Tourists camps sites are established and maintained and pictures and literature of these conveniences, as well as other points of interest to the motoring public, are made up in booklet form and sent to touring centers, such as Nashville, Knoxville and Chattanooga, Tennessee, Cincinnati and Louisville for distribution to north and south bound motor tourists.

Good roads are always a part of the program of an Automobile Club. Public sentiment is created for good highways, elimination of hazards and the beautifying of the roads. Usually, this program is not confined to a home county, but is extended to adjoining counties, so that good roads, through the activities of Motor Clubs, develop into State-wide and Interstate interests.

Probably no other organization in Bourbon county could have the influence necessary to route the Dixie Highway through Paris as could an automobile club. Nothing can equal a motorist as an advertising medium for a community. Certainly the motorists of Bourbon county desire to show as much pride as other communities in having an organization of their own to offer the particular service which they need and support their own individual interests as well as the growth of the community as a whole.

## CITY COUNCIL PROCEEDINGS

The City Council held an adjourned meeting in the Council Chamber Monday night, a previous meeting being adjourned on account of lack of the quorum necessary for transaction of business. Mayor E. B. January presided, with all Councilmen except W. W. Mitchell present. Mayor January read his veto of the ordinance placing a license tax of \$50 on outside newspapers doing business in Paris, and no attempt was made to pass it over his veto. City Health Officer A. H. Keller was directed to notify all property owners on streets having sanitary sewers that attachment to sewers must be made by June 16, or warrants for the arrest of those violating the city ordinance would be issued. Dr. Keller advised the appointment of a garbage collector, which was referred to the Sanitary Committee.

Dr. M. H. Dailey, president of the Public Playgrounds Association, addressed the Council on the matter of making a public playground of the old burying ground near the plant of the Paris Ice Manufacturing Co. There being some doubt as to the legal possession of this piece of property, the city ordered a fence built around it until the matter of ownership could be ascertained.

At a previous meeting City Attorney Chas. A. McMillan had been instructed to draw up an ordinance providing for a vote upon the question of a \$50,000 bond issue for the purpose of building an additional school building. After considerable discussion the matter was postponed to a later date.

An ordinance to rebuild South Main street from Fourteenth to Twentieth was given its second reading, and adopted. The appointment of a city engineer to superintend the work was left to the Improvement Committee.

Thos. B. Link was granted a license to operate and conduct a soft drink stand and restaurant at the corner of Main and Eighth streets, and to James Moreland for a similar business at the Thos. A'Hearn restaurant stand, at Tenth and Pleasant. Venard Owens was granted a reduction in his license for operating a seven-passenger bus, from \$100 to \$15, notwithstanding the provision of the ordinance, which specified a rate of \$100. City Attorney Chas. A. McMillan protested that this action was illegal, and that he would so inform Mr. Owens.

Mayor January thereupon declared the discussion ended. Councilman Santen asked to be informed as to what authority City Foreman Fred Fister had to use the city automobile to attend Sunday ball games in neighboring towns. Fire Chief Earl McCracken requested that some publicity be given to the fact that the fire alarm boxes are not to be used for the deposit of mail, as recently several letters, mailed in December, had been found in boxes in different parts of the city.

## CITY SEARCHES FOR CHILD

The five-year-old son of Mr. and Mrs. T. T. Marshall, of Paris, started something the other night when his mother sent him to the bathroom to wash his pedal extremities before retiring for the night.

The young man thought such a procedure entirely unnecessary, and crawled in between the mattresses of his bed, where he promptly fell into a child's dreamland. Missing him Mrs. Marshall instituted a search which proved barren of results. Thinking her child had been kidnapped or lost, she aroused the neighbors and a city-wide search was begun. Returning to the house where neighbors were gathered, the search was renewed.

Suddenly someone discovered the unusual appearance of the mattresses, and an investigation disclosed the youngster snugly curled up and comfortably sleeping. The little fellow, between hugs and kisses from the joyful mother could not understand why he had been the cause of so much anxiety and searching.

## PARIS PLAYGROUNDS POPULAR PLACES

The shouting and laughter of the children may be heard by one passing through different parts of the city. The playgrounds are open and the children are thronging there, playing in the sand boxes, swinging, hanging from the horizontal bars, and playing games. The new attraction this year is the kindergarten open in the mornings from 10 to 12 for all children under twelve years. This work will consist of singing and quiet games, dramatics, story hour and hand work. The special feature this week will be the little story books of "Three Bears," illustrating the familiar story. A beautiful prize will be awarded to the child on each playground making the most attractive book. The children at the city school playground will use the gymnasium so all are urged to come, in spite of rain.

The afternoon work is planned especially for the boys and girls from 12 to 18 years. This includes special instruction in the organized games, as volleyball, base ball, captain ball, dodge ball, and horseshoe pitching. A base ball league will be formed between the three playgrounds and competitive games played off each week.

Three new tennis courts have been opened on the city school playgrounds. It is planned to teach every boy and girl on the playground over ten years. A club will be formed among the older boys and girls.

New equipment has been installed in all the playgrounds, such as slides, swings, new and larger sand boxes, volleyball and nets, checkers, horseshoe sets for pitching, base balls and bats, and boxing gloves.

As soon as the light is installed on the Wilson lot playground recreation activities will be carried on there in the evening.

At each playground one or more trained instructors are in charge. Parents may send their children to these grounds with the assurance that they will be safe and under correct supervision.

A special conference of the workers will be held every Saturday morning. The following are in charge at present: Wilson Playground—Frances Adams; Brennan—Elizabeth Stewart; City School—Miriam Galloway. Each supervisor will have a young man to assist in the afternoon play. Miss Grace Cruickshank, the director, will visit each playground twice a day and give special instruction where needed.

### YESTERDAY'S RESULTS

Lexington 12, Paris 1.  
Winchester 4, Maysville 1.  
Cynthiana 1, Mt. Sterling 4.

### SUNDAY'S GAMES

Paris at Maysville.  
Lexington at Cynthiana.  
Winchester at Mt. Sterling.

Maysville will be the Mecca Sunday afternoon for Paris fans, who will take advantage of the low round trip rate offered by the L. & N. for that day, to see the game between the Paris Mammoths and the Maysville team. The train will leave the Tenth street station of the L. & N. in Paris, at 10:45 Sunday morning. Tickets may be obtained from Geo. D. Speakes, Chas. A. McMillan, Bernard J. Santen, and at the Fordham Hotel, Oberdorfer, Varden & Son's, Smith's Confectionery, McClintock's Pool Room.

At a meeting of the Blue Grass League clubs representatives, held in Lexington, Wednesday night, President Russell presiding, the matter of changing to a four-games-a-week schedule was taken up and discussed. A motion was made to change the schedule to three games a week, which was finally adopted. The League was unanimous for making the four games a week change with the exception of Mt. Sterling, and this defection caused the compromise on three games.

The date of changing the schedule was not set, and the date of closing the season was also left open. Games in the new schedule will probably be played on Thursdays, Saturdays and Sunday. The schedule will be submitted, at another meeting of the League, to be called in the near future. Jess Morton, manager of the Lexington team, became very angry at the proposed change, and threatened to take his club out of the League if any Lexington Sunday games were shifted to another town.

The Church League game on Hancock Field Wednesday afternoon between the Presbyterian and Baptist teams developed into a slugging match, which resulted in the Baptists being routed by the Presbyterians by the score of 19 to 8. The game was a thrilling one from start to finish, the features being too numerous to give individual mention.

The next games in the series will be played between the Christians and the Methodists, on Hancock Field, this (Friday) afternoon, at 3:30 o'clock. Rogers and Owens will be the opposing twirlers. Each team has strengthened their line-up and a rattling good game is expected.

## NEWS OF THE COURTS

In the County Court the case of the Commonwealth against Scott Holland Gilbert, charged with assault on Ellis B. Hukill, tailor, was dismissed Wednesday morning, because of the weakened condition of Gilbert, whose health has been failing for some time. Gilbert has returned to his home in Etawah, Tenn.

In Police Court, Wm. R. Bright and Wade Hampton, both giving Lexington as their home, were presented on charges of reckless driving. The car which they were driving, collided with a Ford Sedan parked in front of the Bourbon-Agricultural Bank. Very little damage was done to either car. The men stated they were en route to Cincinnati. Judge Ernest Martin assessed them \$12.50 each.

In the County Court, Charles Galloway, colored, charged with having a "moonshine" still in his possession was held to the Grand Jury at the coming term of Bourbon Circuit Court in the sum of \$300. Being unable to procure a bondsman he was returned to the custody of Jailor Taylor.

Dick English, of Paris, and Lester Lawrence, Clyde Franklin and Carl Linyille, of Ruddles Mills, were fined \$23.50 each, in the County Court on charges of being drunk at the League Park, in Paris last Sunday afternoon. The last three were separated when they testified. All stated they had purchased a quart of liquor in Cynthiana, but each one afterward said they had bought it from different persons. Judge Batten announced that he would turn their statements over to the County Attorney of Harrison county for investigation.

The case of the water consumers of Paris against the Paris Water Company, an action which has been in the Court for several months, was partly decided Monday by Special Judge Bailey. Judge Bailey held in effect that the Water Company could not shut off their water service to Paris consumers unless they paid to the Company the full charge asked. The decision is a partial victory for consumers and puts it up to the Water Company to show some legal reason in court why they should be permitted to charge higher rates for water.

Judge Bailey gave the Water Company twenty days in which to ask for a rehearing before the Court of Appeals, and in the event the higher court concurs in Judge Bailey's decision, Paris consumers will be entitled to the old rate, much lower than is now being charged for water service. In event of a final decision in favor of the water consumers a rebate for the excess charges already paid will have to be made by the Water Company.

## SHOPLIFTER'S ESCORT SAID HE WAS FROM PARIS

Wednesday's Cincinnati Enquirer published the following:

"I don't know," answered a young woman registered as Mrs. Constance Mumby, 27 years old, 634 Corneliuss avenue, Chicago, Ill., when she was asked by Paul V. Ryan, of the Cal Crim Detective Agency, why she had stolen expensive wearing apparel from three downtown department stores. Ryan and his assistants, Ora Slater and Arthur Reynolds, apprehended Mrs. Mumby and a young man after they had left a novelty store on Fifth street, near Race street.

"The man asserted that a stolen silk shirt which he was carrying had not been taken by him. The woman exonerated him and said she was responsible for the theft of the shirt and considerable womens' wearing apparel, according to the arresting officers. Five charges of petit larceny were lodged against her.

"Mrs. Mumby said that her father, a wealthy Detroit man, would come to her rescue, but she declined to discuss his identity. Her escort said his mother owned several thousand acres of land near Paris, Ky. Mrs. Mumby, according to Ryan, said she met a horse-race follower in Louisville, came to Cincinnati for the races and then met the man found in her company."

## BLUEGRASS SEED MEN POOL PRODUCT

At a meeting of Bourbon county growers of bluegrass seed, held in the court house, Tuesday afternoon, sixty thousand bushels of seed representing crops gathered on Bourbon farms, were pooled.

A committee composed of John W. Jones, Warren Rogers, Hume Payne and Catesby Woodford, Jr., was appointed to meet committees from other counties in which seed has been pooled to effect a sales organization.

ley's decision, Paris consumers will be entitled to the old rate, much lower than is now being charged for water service. In event of a final decision in favor of the water consumers a rebate for the excess charges already paid will have to be made by the Water Company.
